

**IN THE DRAWINGS**

**Drawing Replacement Sheets as noted below are attached hereto.**

## **REMARKS**

### **Formal Matters**

Claims 1-20 are pending. Claims 6, 9, 10, 15 and 20 are withdrawn without prejudice to their later pursuit. Their rejoinder and examination as provided by 37 CFR §1.141 is hereby requested in the event of any claim generic or linking claim thereto being allowed. Applicant asserts that claims 1-4, 7, 11-13 and 16-19 are generic to all of the species. Further, Applicant asserts that each of these claims is allowable in view of the Declaration submitted herewith.

### **Claim Objections**

Claims 8 and 17 are amended to correct typographical errors noted by the Examiner. Her attention in this regard is appreciated. No new matter is added. Accordingly, withdrawal of the objections is respectfully requested.

### **Drawings**

Formal drawings are submitted herewith. It is noted that elements 52, 54 and 56 appear in paragraph 28; element 60 called out in the figures appears in paragraph 29. Further, in view of the corrections to the specification above, the Examiner's other concerns have been addressed. Therefore, withdrawal of the objection to the drawings is respectfully requested.

### **Specification**

Paragraphs 25 and 35 have been amended above as required by the Examiner. Therefore, withdrawal of the objection to the Specification is respectfully requested.

### **Claim Rejections**

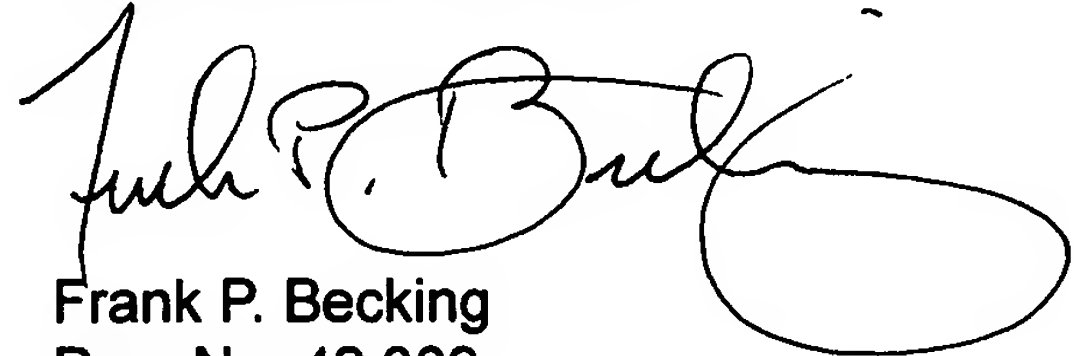

The claims were variously rejected as anticipated by the "Kickstart" and "Gearhead Heaven" articles provided by Applicant. No other basis was noted for rejection. A Declaration is filed herewith under 37 C.F.R. §1.131. This Declaration is believed to be in compliance with MPEP §714.04 for submitting evidence to show conception and/or reduction to practice of the claimed invention prior to the effective date of the cited references. By so-antedating of the references, it is believed that the rejections are overcome and that the claims are in condition for allowance. Such action is respectfully requested.

**Conclusion**

Applicants submit that all of the pending claims are in condition for allowance, which action is requested. If the Examiner should find that a telephone conference would expedite the prosecution of this application, please telephone the undersigned at 650-906-1137.
